

GRADE 10 MEDIA TECHNOLOGY IN ENGLISH TERM 2 LESSON PLANS

GRADE 10 MEDIA TECHNOLOGY LESSON PLAN: Week 1, Lesson 1

SCHOOL	LEVEL	LEARNING AREA	DATE	TIME	ROLL
..... ...	Grade 10	Media Technology			

WEEK 1: LESSON 1

Strand:

2.0 Media Components

Sub Strand:

2.1 Photography

Specific Learning Outcomes:

By the end of the lesson, the learner should be able to:

Explain evolution of photography technologies

Key Inquiry Question(s):

How has photography changed over time?

Core Competencies, Values, and PCIs:

Core Competencies	Values	PCIs
Critical thinking and problem solving	Respect	Historical awareness
Digital literacy	Diligence	Technological evolution

Learning Resources:

Charts showing camera evolution

Organization of Learning:

Introduction (5 minutes):

Ask learners to describe the oldest camera they have ever seen.

Introduce the concept of photography and its historical journey.

Lesson Development (25 minutes):

Step 1: Guide a class discussion on the history of photography, from camera obscura to modern digital formats.

Step 2: Display charts showing the timeline and evolution of major camera technologies.

Step 3: Discuss how technological milestones, such as the invention of film and the transition to digital sensors, impacted society.

Step 4: Conduct oral questioning to assess learners' understanding of key evolutionary changes.

Conclusion (10 minutes):

Summarize the main milestones in photography evolution.

Emphasize that the core principle of capturing light remains the same despite technological advances.

Extended Activities:

Write a short paragraph in your notebook explaining how the shift from film to digital photography changed the industry.

Teacher Self-Evaluation:
