2026 GRADE 9 RATIONALIZED AGRICULTURE AND NUTRITION LESSON PLANS - TERM 3

WEEK 1

Lesson 1

SCHO OL	LEARNING AREA	GRAD E	ROL L	TIM E
	Agriculture and Nutrition	9		

STRAND: HYGIENE PRACTICES

SUB-STRAND: Cleaning Waste Disposal Facilities - Importance & Waste Bins

SPECIFIC LEARNING OUTCOMES: By the end of the lesson, the learner should be able to:

- Define waste disposal facilities.
- Explain the importance of cleaning waste disposal facilities.
- Value having clean waste disposal facilities.

KEY INQUIRY QUESTION(S): How does cleaning waste disposal facilities promote hygiene?

LEARNING RESOURCES:

- KLB Top Scholar Agriculture and Nutrition Grade 9 Textbook (pg. 62-63)
- Digital resources, a resource person (e.g., a public health officer)
- Waste bins, cleaning materials, disinfectants

ORGANISATION OF LEARNING: Learners will work in groups for discussion and research.

INTRODUCTION

The teacher will start a discussion by asking learners to name the places where waste is put at home and at school (e.g., dustbins, compost pits). This will lead to the definition of waste disposal facilities and a conversation about their cleanliness.

LESSON DEVELOPMENT

Learners are guided in groups to:

- **STEP 1:** Discuss and list the various waste disposal facilities they use at home and in the school environment.
- **STEP 2:** Use digital resources or textbooks to research the importance of regularly cleaning these facilities.
- **STEP 3:** Brainstorm and create a list of problems that can arise from dirty waste disposal facilities, such as bad smells, attraction of pests (flies, rats), and the spread of diseases.
- **STEP 4:** Each group will share their findings, and the class will compile a master list of reasons why keeping these facilities clean is crucial for personal and community health.

CONCLUSION

The teacher will summarize the key points, emphasizing that clean waste disposal facilities are a cornerstone of good hygiene and disease prevention.

EXTENDED ACTIVITIES

Learners to observe the waste bin at home and assess its level of cleanliness. They should then discuss with a family member one way to improve its maintenance.

REFLECTION ON THE LESSON
